

Take command of your life!

IV on Command offers mobile IV hydration and concierge wellness services in Miami, FL and Greenwich, CT. We provide service in the comfort of your home, office, hotel room, boat, plane, or just about anywhere.

IVOC is the preferred provider of celebrities, business leaders, athletes, and others seeking to enhance their wellness and achieve peak performance.

IVOC is the go to provider of After-Hour IV Services in Miami. We accept various forms of payment such as credit cards, cash, HSA cards, and Crypto.

WHY CHOOSE IV DRIP THERAPY?

With IV drip therapy, 100% of the nutrients are absorbed directly into your bloodstream, as compared with oral supplements, where you will only absorb about 20% of the nutrients after they are filtered through your digestive system.

Our IV vitamin therapy is the fastest way to improve symptoms that keep you from optimizing your body's potential. They help treat a wide range of aesthetic and health-related concerns and our exclusive formulas are loaded with essential fluids, vitamins, electrolytes and antioxidants.

About us

IV on Command was founded by sisters Natasha Nikic, RN and Amanda Nikic, RN. The Nikic sisters were born to immigrant parents in Brooklyn; grew up in Yonkers, NY; and both attended nursing school in the Bronx. They both served as registered nurses at some of the most renowned hospitals in New York City. Ultimately, Natasha moved to the medical device industry and worked her way up the corporate ladder to become an executive at one of the world's most respected healthcare companies. Amanda ventured off to Miami and began providing wellness services. Almost immediately she was one of the most requested IV nurses in Miami becoming the preferred provider for celebrities and other VIP clients. In 2021, the sisters founded IVOC to be the premier, luxury provider of IV hydration services.

PROVIDED WITH IV SERVICE

INJECTIONS

- **B12 \$25** - natural energy boost. B12 plays a role in Red Blood Cell formation, nerve functions, and DNA production. Provides additional oxygen to tissues and organs.
- **Glutathione \$25** – this powerful antioxidant is naturally made in the liver so it is no stranger to our body. Along with anti-aging properties and reducing damage to the liver, other important functions include breaking down some free radicals, support immune functions, help reduce plaque build up, plus lightens and brightens the skin.
- **Vitamin C 500mg \$30** – helps strengthen the immune system, antioxidant, tissue healing, collagen formation. Vit C will help multiple body systems flourish.
- **Fat Burner \$30** – a mixture of B12 and lipotropic amino acids combined will boost energy levels and help metabolize fat in the body. Along with diet & exercise these injections will speed up the process of fat breakdown and boost your metabolism.
- **CoQ10 \$30** – a mixture of B12 + CoQ10 combined will boost energy levels and provide various benefits such as help recovery from physical activity + improve physical performance, boost immune system, lowering blood pressure, support brain & heart health. It is a literal “powerhouse” supplement.
